

# TOWBAR COURTESY & TEST LIGHTS

For a smarter, safer towbar socket.

Improve visibility around the socket to easily hook-up-and-go in the dark and test your trailer's lights & wiring output without connecting your trailer.

Perfect for:

-  Night-time hitching
-  Leisure & bike trailers
-  Caravans & camping
-  Concession trailers
-  Fitment & service centres

Fits on  
any socket

Activates with  
vehicle remote

Waterproof  
& compact

## Product specs:

- Input voltage: 12V
- Fitting time: 30 min
- Suitable for any towbar socket
- Polarity & short circuit protected

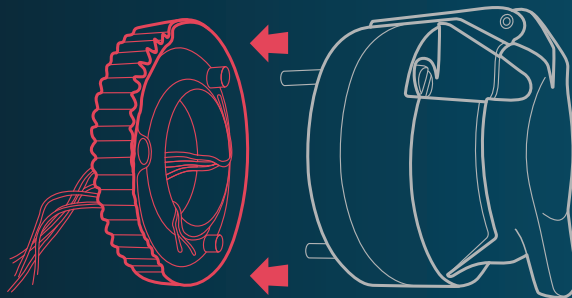

### Product Includes:

1 x LED towbar courtesy and test lights, 5 x Black OEM splices

Patent Number: 2017/01483
